Pfaffenhofen, 16.12.2019

Sales Product Change Notification

Current product	Part number	Available until	Last time buy
TRC-5AP2e (ext)	1346 (1347)	30.04.2020	02.03.2020

Modified product	Part number	Available from	Lead time
TRC-5AP2e (ext) J	1380 (1381)	04.05.2020	12 weeks

Reason for product modification: Due to the discontinuation of a component, a redesign of the RF power amplifier became necessary.

Impact: New certification especially in the field of EMC required. Test reports available on request.

The current power consumption is higher under certain modes and temperature conditions. Details can be obtained from the data sheet or from the user manual.

All other characteristics of the TRC-5AP2e (ext) are staying unchanged. This applies especially to the mechanical dimensions, interfaces and the AT command set.

The technical documentation of TRC-5AP2e (ext) J can be downloaded from the Internet by using the link as below.
